

FURLING & REEFING SYSTEMS

MASTS

RIGGING

EXPERIENCE IN MARINE INDUSTRY

- An experience of over 30 years;
- An engineering team qualified in metallurgy as well as composite materials;
- A synergy of means in computerised design and production;
- Human resources based on skills and dynamism;
- A distribution network offering an after-sale service in 35 countries;
- Products tested in extreme conditions by the most experienced ocean skippers.

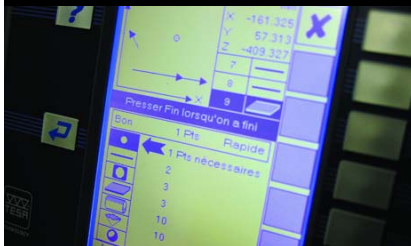

QUALITY CONTROL

- Our metrology department is equipped with the measuring tools needed to insure the constant conformity of the machined parts;
- Losange Group develop a tracking system. This will mean your product is unique. As soon as it is manufactured, we allocate an ID number to the product. This traceability is a guarantee of transparency;
- A series of mechanical and chemical tests will ensure reliability of materials.

PRODUCTION: PERFORMANCE & QUALITY

- Wide production capacity including 6 production sites;
- 5000 masts, 7000 furling systems, 7000 sets of rigging;
- The longest anodising baths in the world (Charleston Spar) and Europe (Sparcraft);
- Electrostatic powder painting box (Charleston Spar);
- Plasma CNC cutting machine;
- CNC and traditional machining.

CUSTOMER SERVICE: "LOUD AND CLEAR"

- Our sales team gathers sailing people able to advise you;
- Short and respected delivery time;
- Goods shipping well managed;
- An efficient after sale service;
- Our dealers' faith proves the Factor "value".
